Richard G. Molyneux

SEMINAR CHAIRPERSON

Born in Kimberley, South Africa Mr. Molyneux was educated at the University of Cape Town where he attained a BSc (Hons) degree in Geology, followed by a Graduate Diploma in Engineering from the University of Witwatersrand and a Diploma in Integrated Environmental Management from the University of Cape Town.

Mr. Molyneux joined De Beers Consolidated Mines in 1971 as an exploration geologist advancing through a number of positions including Resident Geologist at Premier Mine in South Africa, Chief Geologist, then General Manager at Namaqualand Mines and General Manager, Central Mines Operations at Kimberley.

In 2000 he was appointed as President and CEO of De Beers Canada Corporation with a mandate to create a fully integrated company to support future production operations, and to take the company's advanced exploration projects through the required engineering studies and regulatory processes.

He retired in May 2006 and is currently resident in Canada and consulting in the diamond industry and serving on a number of boards.

Todd Winterhalt

Director, Political Risk Assessment
Export Development Canada (EDC)

151 O'Connor Street
Ottawa, Ontario, Canada K1A 1K3

tel: 613-598-2964
fax: 613-598-6888
email: twinterhalt@edc.ca
web: www.edc.ca

Prior to being appointed Director, Political Risk Assessment at Export Development Canada (EDC) in February 2005, Mr. Winterhalt worked as Senior Advisor, International Relations, playing a lead role in EDC's policy-level interactions at the OECD and WTO. Before joining EDC, Mr. Winterhalt served in the Canadian diplomatic corps (Department of Foreign Affairs and International Trade) for seven years where he held various positions, including Consul and Trade Commissioner at the Canadian Consulate in São Paulo, Brazil. More recently, he was a senior trade policy advisor overseeing the Canada-Brazil regional aircraft dispute.

Mr. Winterhalt holds a BA (Honours) from the University of Western Ontario, as well as a graduate diploma in American history and a M.Sc. (American Intelligence) from the University of Edinburgh. He currently sits on the steering committee of the Canadian Association of Professional Intelligence Analysts.

Graham Chisholm, A.C.I.S.

Director, President and Chief Executive Officer
ICS Copper Systems Ltd.

#202 Yale Court Plaza,
2526 Yale Court Rd
Abbotsford, British Columbia, Canada
V2S 8G9

tel: 604-859-3007
fax: 604-859-3008
email: graham@icscopper.com
web: www.icscopper.com

Mr. Chisholm is an Associate of the Chartered Institute of Secretaries and Administrators (Canada, South Africa and Zimbabwe) and has over 26 years experience in executive management, fifteen of which were in financial management including a four year expatriate contract as Group Financial Executive of Mobil Oil agency in Swaziland. Mr. Chisholm founded Industrial Copper Systems Ltd, one of the largest importers of copper tube into Canada as of January 2005. Industrial Copper subsequently installed and produced copper and cobalt at a pilot plant in DRC in 2005. He has visited close to 40 countries resulting in considerable cross-cultural experience. In addition to English, he is fluent in French and Shona, an African dialect.

William B. Burton

President and Chief Executive Officer
MagIndustries Corp.

372 Bay Street, 8th Floor
Toronto, Ontario, Canada M5H 2W9

tel: 416-368-7911
fax: 416-368-5048
email: bburton@magindustries.com
web: www.magindustries.com

William B. Burton is President and Chief Executive Officer of MagIndustries. He received an Honours degree in Economic Geology in 1973, followed by 12 years with RTZ subsidiary U.S. Borax. He spent the past 20 years identifying, financing and developing mineral properties worldwide and founded MagIndustries in 1996 to focus on opportunities in Africa.
