DON NEWPORT
Director, Mining and Metals
Standard Bank Plc, London

Don has 35 years banking experience, over 20 of which has been spent in the mining and metals sector. He joined Standard Bank in 1999 from Barclays Capital (formerly BZW), the investment banking division of Barclays Bank PLC where he had led the mining sector team since 1986, to head up Standard's global mining finance business. He is an Associate of the Chartered Institute of Bankers, holds the Certified Accountants' Diploma in Accounting and Finance, and is a long-standing member of the London Association of Mining Analysts.

Don has led numerous significant mining corporate and project financings including base and precious metals, coal, smelters, and allied infrastructure facilities, both as arranger and as advisor. The projects with which he has been associated have taken him to a wide variety of locations, many of which have been in developing environments. He is also well-known as a presenter at international mining conferences.
don.newport@standardbank.com

MIKE SALAMON
Chairman
New World Resources

Miklos (Mike) Salamon was born in Budapest, Hungary in 1955 and holds a BSc Mining Engineering degree from The University of the Witwatersrand (in Johannesburg) as well as an MBA from the London Business School, University of London.

He started his career in 1975 with De Beers, then the Gold Division of Anglo-American, and in 1981 joined Shell's Coal Division. In 1985 he joined the Gencor Group and in 1989 was appointed Managing Director of Gencor's coal business, Trans-Natal Coal Corporation. In 1993 he became Executive Chairman of Samancor Ltd, Chairman of Columbus Stainless Steel and an Executive Director of Gencor. He was a founding Executive Director of Billiton plc and was one of the four executives who undertook Billiton's IPO on the LSE in 1997.

Mike undertook the merger integration planning on behalf of Billiton in its 2001 merger with BHP. In 2003 he was appointed an Executive Director of BHP Billiton plc and Limited and became Group President Non-Ferrous. He rounded off his time at BHP Billiton in 2006 as Executive President before retiring in October 2006.

In 2007 Mike took on new roles; as Joint Managing Partner of the resources private equity group, AMCI Capital; as Chairman of New World Resources – the holding company for, inter alia, the Czech Republic coking coal producer OKD a.s, and finally as non-executive director of the South African start up gold mining company, Central Rand Gold.

2007 SPEAKERS

BRAD BREETZKE

Director, Mining and Resources,
Project Finance Division

Standard Bank, Johannesburg

Brad joined Standard Bank in May 2002 as a Manager with responsibility for Mining Project Finance. Previous to that, he was employed as a Senior Commercial Manager in the Exploration and Acquisitions Division of Anglo American Corporation. Before this position, Brad was Head of the Corporate Law Section at Gold Fields of South Africa Limited. Both of these positions provided broad exposure to local and international mining transactions. Since joining Standard Bank, Brad has, together with the Standard Bank Plc Mining Finance Team, worked on a number of projects, including the financing of the Kansanshi and Lumwana Copper Projects in Zambia, Metorex's Ruashi Project in the DRC and various transactions in South Africa. Brad is currently head of the Mining Finance Team which has also participated in various empowerment deals in the Mining Sector such as the Lonmin Incwala transaction. Brad obtained BA (Economics) LLB degrees from U.C.T. and an H.Dip Tax degree from the University of Witwatersrand. He has also completed a Management Development Programme at Stellenbosch University.

brad.breetzke@standardbank.co.za

WILLIAM BURTON

President and Chief Executive Officer

MagIndustries Corp.

Bill Burton is President and Chief Executive Officer of MagIndustries. He received an Honours degree in Economic Geology in 1973, followed by 12 years with RTZ subsidiary U.S. Borax. He spent the past 20 years identifying, financing and developing mineral properties worldwide and founded MagIndustries in 1996 to focus on opportunities in Africa.

sburton@magindustries.com

DOUGLAS CHIKOHORA, MSC., MIMMM
Technical Director**Cluff Gold Plc**

Mr Chikohora is a Chartered Engineer with over 25 years' experience in the mining industry. His experience covers rare earth minerals and base and precious metals with various companies including Cluff Resources, which he joined in 1987 and where he was in charge of the exploration and development of the Ayanfuri mine in Ghana. After the acquisition of Cluff Resources by Ashanti Goldfields in 1996, Mr Chikohora joined Cluff Mining Limited (now Ridge Mining plc) in June 1996 before being appointed Managing Director of Cluff Mining (West Africa) Limited, responsible for its West African gold interests. He joined the Group in January 2004.

douglas.chikohora@cluffgold.com

STEPHEN COATES

President and Chief Executive Officer

Homeland Energy Corp.

Mr. Coates founded Homeland in 2004 and serves as its President and Chief Executive Officer, as well as Chairman of Homeland Uranium Inc. He is a graduate of King's College at the University of Western Ontario and has experience in government, investment management, communications and business development in the exploration and mining sectors. Founder of Grove Communications Inc., Mr. Coates is an experienced consultant on strategic relationships, business development and communications to the junior mining sector. The first four years of his working career were spent as an investment manager with RBC Dominion Securities – Canada's largest investment bank. He has been a volunteer director of numerous service organizations and an active fundraiser. Mr. Coates is a director of and advisor to several private and public companies. Mr. Coates resides in London, England where he manages the day-to-day affairs of the Corporation and its going public process. A key strength is his comfort in dealing with all levels of government, and his strength in developing key "in-country" relationships has been a valuable asset to Homeland.

DARRYL LEVITT

Counsel

Fasken Martineau DuMoulin LLP

Darryl is counsel at Fasken Martineau and consults with domestic and foreign companies on transactions involving Canada, South Africa and other Southern African countries such as Mozambique, Botswana and Namibia. His practice emphasizes mining, Black Economic Empowerment (BEE), Reserve Bank issues and as an African government liaison. He has also worked in the areas of business development for both Canadian and South African companies involved in financing through public offerings and private placements out of Canada and the United Kingdom. Darryl's experience with, and understanding of, BEE and South African legal issues derives from his having practised law in South Africa and also having advised on a number of high profile Empowerment deals. He is a regular speaker on financing BEE transactions and South African Reserve Bank Issues (SARB). Darryl is a member of the firm's Global Mining Group and Asia Pacific Practice Group.

dlevitt@fasken.com

RICK MENELL

President and Chief Executive Officer

TEAL Exploration & Mining Inc.

Mr. Menell has over 30 years of experience in the mining industry, with particular expertise in exploration, corporate management and finance. He is currently the deputy chairman of ARM and the non-executive chairman of Bateman Engineering B.V. Prior to 1982, he was an exploration geologist. From 1982 to 1986, as a merchant banker with JP Morgan in New York, United States and Melbourne, Australia, his duties included providing corporate finance and trading services to the mining and construction clients of the bank. During his stay in Australia, Mr. Menell also acted as an executive director of Delta Gold, an Australian mining company. He joined Anglovaal Mining, now ARM, in 1992 and became that company's chief executive officer in 1999, executive chairman in 2002, and non-executive deputy chairman in 2004. He is also a director of The Standard Bank Group and Mutual & Federal. He has served recently as chairman of The South African Tourism Board, and a director of Telkom SA, the World Gold Council and as President of the South African Chamber of Mines. Mr. Menell has a Master of Arts from Cambridge University and a Master of Science from Stanford University.
